LINNOX

Floor & Wall Tile

The Linnox collection features pieces that are reminiscent of interwoven fabrics, thus providing an interplay of infinite interweaving on the surface of this porcelain tile. The result is a product full of nuances and relief effects which give an incredible feeling of smoothness and well-being both in tactile and in visual terms.

Linnox pieces are available in two formats: 30x60 and 60x60. They can all either be applied individually or used in combination with one another, allowing all users to come up with even more aesthetic ideas, thus fulfilling their every need.

TEXTILE

Floor & Wall Tile

Ceramica Fioranese gets its inspiration from the outside world and is intertwined with material and tactile notions, with styles stolen from fashion and the latest in contemporary design. Its research responds to technological and formal requisites that look directly ahead to the future. The result is not just a product, it is a concept: strong, alive, dynamic and flexible, lending itself for conveying projects and experiences, generating excitement and inspiration.
